

NOSC TOOLS AS A SERVICE MOVE YOUR NOSC TOOLS TO THE CLOUD

As Federal budgets and resources tighten, enterprise IT departments are looking for streamlined and effective cloud based NOC and SOC tools with greater capabilities, allowing them to “Do More With Less”.

EXPECT MORE FROM YOUR NOSC TOOL SUITE

Chief Technologies is a leader in delivering “NOSC Tools as a Service”. We provide a FISMA Secure Private, Cloud Hosted NOSC Tools solution that allows Federal agencies to quickly transform their costly and disparate NOC and SOC tool suites into a simplified OPEX Cloud Based service model.

Chief NOSC Tools Features Include:

- Fault Management
- Performance Management
- Configuration Management
- Security Management
- ITIL Process Support
- Service Management
- Dashboards
- Reporting
- CDM Reporting Can Be Included
- Integrated, Maintained and Hosted by Chief
